

FINANCIAL AND COMMERCIAL.

Friday, April 5—P. M.

The stock market showed a decided change for the better this morning, attended by a general advance, but the improvement was not fully sustained in the afternoon, although opinions generally are in favor of a rise after the restoration of monetary ease. There was a marked increase in the supply of money to-day, and compared with any previous day this week, and borrowers in fair credit were generally well supplied at seven per cent, while in some instances loans found themselves late in the day with large balances on hand, and had to send out to find them. There were hardly any noteworthy exceptions at the legal rate in gold, and the monetary tide has evidently set in strongly in favor of this city. At the same time the recent somewhat protracted stringency is almost imperceptible to the unacquainted with the peculiar workings of the national banking system. There is a moderate amount of first class commercial paper offered, which is discounted at rates varying from seven to nine per cent.

At the early session of the open board the market showed an improving tendency. New York Central sold at 55 1/2; Erie, 54 1/2; Reading, 101 1/2; Hudson, 30; Toledo, 40; Western Union, 37 1/2; Michigan Southern, 70 1/2; Cleveland and Pittsburgh, 74 1/2; Rock Island, 92 1/2; Northwestern, 34 1/2; Erie, 60; preferred, 62 1/2; Port Wayne, 93 1/2; Pacific Mail, 120 to 125; Western Union Telegraph, 41 1/2.

At the first regular board there was a general disposition to buy, and the improvement in prices made further progress. New York Central closed 1/2 lower than at the same time yesterday, Illinois Central 1/2, Pacific Mail 1/2, Atlantic Mail 1/2, Cumberland 1/2, Erie was 1/2 higher, Michigan Southern 1/2, Cleveland and Pittsburgh 1/2, Rock Island 1/2, Northwestern 1/2, Erie, 60; preferred, 62 1/2; Port Wayne, 93 1/2; Pacific Mail, 120 to 125; Western Union Telegraph, 41 1/2.

At the half-past-two regular board the market suffered a partial release, although there was no pressure to sell. New York Central closed 1/2 lower than at the first regular board, Erie, 54 1/2; Michigan Southern, 70 1/2; Cleveland and Pittsburgh, 74 1/2; Rock Island, 92 1/2; Northwestern, 34 1/2; Erie, 60; preferred, 62 1/2; Port Wayne, 93 1/2; Pacific Mail, 120 to 125; Western Union Telegraph, 41 1/2.

The gold market has been heavy, the range of the day having been from 135 to 138 1/2, with the closing transaction at 138 1/2. The supply of gold for delivery was in excess of the demand, owing to the continued sales of the Treasury department, to be about equal to the daily receipts, and loans were made without interest and at a 2 per cent for carrying. The fact of the coin in the Treasury having decreased, \$1,314,554 during March, as shown by the debit statement, goes to show that the department must have been a free seller in that month. The effect of these sales is to withdraw currency from the banks, in return for which they receive its equivalent in gold, which is counted as a portion of their legal reserves. When the Sub-Treasury hoards the currency this withdraws it increases the activity of the money market to the extent of the difference between the amount in currency hoarded and the amount in gold paid out; but when the Sub-Treasury disburses the currency that received simultaneously with its receipt the effect of the gold sales is favorable to an easier condition of the money market, because the banks have not only the gold which the Treasury has sold, but the currency which was used to pay for it. It is claimed that the Treasury is now disbursing in this manner so as to prevent any derangement of monetary affairs arising from its current sales of coin.

The foreign exchange market was rather heavy during the morning, but towards the close there was a good demand for bills from importers, and bankers' bills on England for sixty days were quoted at 100 1/2; at three months, 100 1/2; at six months, 100 1/2; at one year, 100 1/2; at two years, 100 1/2; at three years, 100 1/2; at four years, 100 1/2; at five years, 100 1/2; at six years, 100 1/2; at seven years, 100 1/2; at eight years, 100 1/2; at nine years, 100 1/2; at ten years, 100 1/2.

Consols and American securities were quoted in London as under on the date mentioned:—

	April 1.	April 5.																																																																																																				
Consols.....	91	91																																																																																																				
United States 6-20.....	72 1/2	73 1/2																																																																																																				
Illinois Central.....	30 1/2	31																																																																																																				
Mining shares were firm, and Alameda Silver advanced 3/4 to 45 1/2. At the first board Alameda Silver closed 3/4 higher than at the same time yesterday, selling at 45 1/2; Consolidated Gregory closed 1/2 higher, selling at 47 1/2; Copper sold at 44 1/2; Columbia Gold and Silver, 33 1/2. At the second board Consolidated Gregory closed 1/2 higher, selling at 44 1/2; Alameda Silver sold at 45 1/2 (3); Quartz Hill, 25 1/2. <p>The statement of the public debt for March shows that the currency was contracted to the extent of \$81,377 only during that month, from which we infer that Mr. McCulloch is at length taking a practical view of the monetary condition of the country, and recognizing the fact that contraction at the rate of four millions a month—the maximum which the law allows—is excessive under existing circumstances. A mistake idea prevails to some extent that if the Secretary neglects to avail himself of his authority to contract in silver, he will make up for the deficiency in silver by this, but this is not the case. The law actually limits the contraction of United States currency in any one month to four millions. The secret funding operations of the department are going forward actively, \$50,667,900 of seven-thirty notes having been bought up, and \$34,723,000 of five-thirty notes issued during the month, the difference being accounted for by the decrease of \$15,293,943 in the amount in the Treasury. It is a list of the items of the Treasury which has been reduced during the year to the extent of \$15,293,943.</p> <p>COIN INTEREST.</p> <table border="1"> <tr> <th></th> <th>1867.</th> <th>1868.</th> </tr> <tr> <td>Six per cent bonds.....</td> <td>\$1,500,000</td> <td>\$1,500,000</td> </tr> <tr> <td>Six per cent bonds 1861.....</td> <td>500,000</td> <td>500,000</td> </tr> <tr> <td>Six per cent 3-20 bonds.....</td> <td>34,723,000</td> <td>34,723,000</td> </tr> <tr> <td>Total.....</td> <td>\$18,723,000</td> <td>\$18,723,000</td> </tr> </table> <p>CURRENCY INTEREST.</p> <table border="1"> <tr> <th></th> <th>1867.</th> <th>1868.</th> </tr> <tr> <td>Three year compound int. notes.....</td> <td>2,280,000</td> <td>2,280,000</td> </tr> <tr> <td>Three year 7-30 notes.....</td> <td>40,467,000</td> <td>40,467,000</td> </tr> <tr> <td>Total.....</td> <td>\$42,747,000</td> <td>\$42,747,000</td> </tr> </table> <p>Matured debts not presented for payment.</p> <table border="1"> <tr> <th></th> <th>1867.</th> <th>1868.</th> </tr> <tr> <td>United States Notes.....</td> <td>513,377</td> <td>513,377</td> </tr> <tr> <td>Gold certificates of deposit.....</td> <td>5,785,500</td> <td>5,785,500</td> </tr> <tr> <td>Total.....</td> <td>\$6,298,877</td> <td>\$6,298,877</td> </tr> </table> <p>AMOUNT IN TREASURY.</p> <table border="1"> <tr> <th></th> <th>1867.</th> <th>1868.</th> </tr> <tr> <td>United States Notes.....</td> <td>\$1,500,000</td> <td>\$1,500,000</td> </tr> <tr> <td>Gold certificates of deposit.....</td> <td>5,785,500</td> <td>5,785,500</td> </tr> <tr> <td>Total.....</td> <td>\$7,285,500</td> <td>\$7,285,500</td> </tr> </table> <p>The following statement shows the differences between each item of the public debt statements, dated respectively April 1, 1867, and April 1, 1868, and the Treasury has been reduced during the year to the extent of \$15,293,943.</p> <p>COIN INTEREST.</p> <table border="1"> <tr> <th></th> <th>1867.</th> <th>1868.</th> </tr> <tr> <td>Six per cent bonds.....</td> <td>\$1,500,000</td> <td>\$1,500,000</td> </tr> <tr> <td>Six per cent bonds 1861.....</td> <td>500,000</td> <td>500,000</td> </tr> <tr> <td>Six per cent 3-20 bonds.....</td> <td>34,723,000</td> <td>34,723,000</td> </tr> <tr> <td>Total.....</td> <td>\$18,723,000</td> <td>\$18,723,000</td> </tr> </table> <p>CURRENCY INTEREST.</p> <table border="1"> <tr> <th></th> <th>1867.</th> <th>1868.</th> </tr> <tr> <td>Three year compound int. notes.....</td> <td>2,280,000</td> <td>2,280,000</td> </tr> <tr> <td>Three year 7-30 notes.....</td> <td>40,467,000</td> <td>40,467,000</td> </tr> <tr> <td>Total.....</td> <td>\$42,747,000</td> <td>\$42,747,000</td> </tr> </table> <p>Matured debts not presented for payment.</p> <table border="1"> <tr> <th></th> <th>1867.</th> <th>1868.</th> </tr> <tr> <td>United States Notes.....</td> <td>513,377</td> <td>513,377</td> </tr> <tr> <td>Gold certificates of deposit.....</td> <td>5,785,500</td> <td>5,785,500</td> </tr> <tr> <td>Total.....</td> <td>\$6,298,877</td> <td>\$6,298,877</td> </tr> </table> <p>AMOUNT IN TREASURY.</p> <table border="1"> <tr> <th></th> <th>1867.</th> <th>1868.</th> </tr> <tr> <td>United States Notes.....</td> <td>\$1,500,000</td> <td>\$1,500,000</td> </tr> <tr> <td>Gold certificates of deposit.....</td> <td>5,785,500</td> <td>5,785,500</td> </tr> <tr> <td>Total.....</td> <td>\$7,285,500</td> <td>\$7,285,500</td> </tr> </table>		1867.	1868.
